EDUCATION

ABES Engineering College

B.Tech in Computer Science | CGPA: 7.1

2023 – 2027
Ghaziabad, UP

Devprayag School

ISC (12th) | 76%

2022

Devprayag School

ICSE (10th) | 85%

2020

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript, Solidity
- **Frameworks:** React.js, Next.js, Django, Django REST Framework, Tailwind CSS
- **Tools:** Git, GitHub, Vercel

PROJECTS

The Wild Oasis Website

Next.js, React, Tailwind CSS | GitHub

- Developed a scalable hotel management web application using reusable React components and responsive Tailwind UI design.
- Implemented modular architecture, optimized client-side state handling, and improved maintainability for future feature expansion.

WorldWise

React | GitHub

- Built a travel tracking web application with client-side routing and dynamic state management using React hooks.
- Designed a clean, responsive interface ensuring seamless cross-device user experience and intuitive navigation.

usePopcorn

React | GitHub

- Created a movie discovery platform integrating external APIs for real-time search and movie data rendering.
- Enhanced performance using efficient component rendering strategies and optimized hook-based state updates.

OPEN SOURCE CONTRIBUTIONS

IntelOwl

Contributor | GitHub

2024 – Present

- Improved UI responsiveness and enhanced frontend structure of the open-source intelligence platform.
- Collaborated with maintainers to refactor legacy components following modern React and clean-code practices.

ToolMesh

Lead Developer | GitHub

2024 – Present

- Designed and developed a decentralized AI tool discovery layer leveraging Next.js and MCP architecture.
- Published structured documentation and streamlined configuration workflows for seamless developer integration.
